Alaska — the “Great Land”

The native Aleuts named this territory *Alyeska*, or the “Great Land”. As you discover her epic landscapes, incredible wildlife and colorful, historic culture, you’ll agree—Alaska is a destination that defies even the grandest superlatives. And there’s no better way to see it than with Princess®

The Grand Princess

Grand Princess Stateroom

Perhaps one of the biggest highlights of the Grand Princess is its staterooms, many of which have balconies that look out onto the ocean, meaning you'll never miss a sunset. If you book a suite with a balcony, you'll enjoy two 42-inch flat screen televisions, a separate tub and shower and marble flooring and countertops.

Dining

Dining on the Grand Princess is another key benefit of traveling on this vessel. There are both casual and private dining options, as well as restaurants offering various cuisines to satisfy your palette. Whether you're in the mood for Italian food or sushi, you won't have any trouble finding it on board the Grand Princess.

Entertainment

While you're at sea, you won't have any shortage of entertainment while traveling on the Grand Princess. There are four different lounges on the ship, all of which provide delicious cocktails and the perfect atmosphere to relax. Two theaters, Princess Live! and the Princess Theater, are also slated to be constructed on the vessel and will offer evenings full of live music, game shows and comedy. Princess Live! is designed as a TV studio where broadcast-ready events are on view for the audience.

Grand Princess Highlights

Lounges, bars and restaurants are always welcome accommodations, but there is much more to the Grand Princess that will be exclusive to this Princess ship. The vessel will have an expanded atrium and dining area for those who want a quaint place to unwind.
